Bouncy Buddies

This pack contains the Anderson family and the Harris family - 8 gorgeous egg-like characters who will be at your side in your CrazyTalk7. They can be seamlessly integrated with any Voice Script, bringing you laughs-a-plenty with their cartoonish expressions! The motion parameters can be freely adjusted, giving you complete control over the way they move.

Social Emoticon

This Voice Script Pack - Social Emoticon includes 50 fully-animated Voice Scripts which provides you with a wonderful alternative for the commonly-used ‘emoticon’ system in everyday online conversation. You can have these familiar smilies such as laughing, frowning, kissing and sleeping be performed by your very own CrazyTalk characters, with their great cartoon styles. Those vivid expressions and hilarious voice effects can also be used with any character of your choice.

Pack Includes:
- Voice Scripts x 50

Specification:
- Content Type: CrazyTalk Voice Script
- Requirement: CrazyTalk7.1 or above!

Auto Animation Library Vol.1

Auto Animation Library Vol.1 provides you with 3 indispensable additions to compliment CrazyTalk7’s Auto Motion Technology which allows your own voice to drive the intensity of the animation. With hundreds of templates and styles at your disposal, you’ll have no trouble finding the perfect sample templates to give your character the desired movement and expression.

Pack Includes:
• Audio (.mp3) x 30
• Voice Scripts x 63
• Auto Motions x 85
• Motion Clips x 42

Specification:
• Content Type: CrazyTalk Voice Script, Auto Motion, Motion Clips
• Requirement: CrazyTalk7.1 or above!

Organic Auto Motion Samplers

The Organic Auto Motion Sampler is designed to showcase PRO level Auto Motion features that simulate classical cartoon animation techniques such as follow-through, squash-and-stretch, and bouncy spring movements. These types of organic movement are quite time-consuming and difficult to animate, even for pro-level animators, but thankfully for you, they can be fully automated by CrazyTalk7 PRO using Muscle Control, Time Offset, Ping-pong and Advanced Spring Features.

Pack Includes:

- Auto Motions x 10

Specification:

- Content Type: CrazyTalk Auto Motion
- Requirement: CrazyTalk7.1 or above!

Natural Facial Performance Vol. 2

Natural Facial Performance Volume 2 provides various vivid facial expression clips for all common kinds of responsive performances. When animating real human photos, you need milder expressions to show more subtle and natural movements, something which this pack definitely provides. This extended pack focuses on some special voluntary and instinctive facial responses such as drowning, acting drunk, feeling cold, eating, having dreams and winking that allow you to animate your photos easily with a wider variety of expressions.

Pack Includes:

- Motion Clips x 42

Specification:

- Content Type: CrazyTalk Motion Clip
- Requirement: CrazyTalk7.1 or above!
